

STABLES & LIVERY

Kimberley Equestrian Centre ('KEC') provides a full livery service in the Kimberley area. KEC has stabling capacity for 60 horses, plus an additional 30 Show stables. All stables are of sturdy brick construction with wooden doors, bedded generously with shavings. Horses are cared for by our team of well-trained, dedicated grooms.

During the day horses stand out in spacious individual or group paddocks where they can stretch their legs and enjoy plenty of fresh air. The extensive paddock time (up to 10 hours in summer and 8 in winter) helps to foster a relaxed, happy attitude among the horses. Horses are groomed every weekday and temperatures are taken every morning as an early warning of ill health.

KEC is situated in a quiet area along the Samaria Road, 4.5km outside Kimberley. The yard is located on a spacious 87 hectare property with a wide choice of riding areas, including a large camp for outrides, a fitness track, three dressage arenas, four large jumping arenas, an enclosed lunge ring, and an enclosed oval arena.

At KEC we understand that all horses have different requirements. Horses are thus cared for in accordance with each horse's individual needs. We feed a combination of Lucerne and Teff according to each owner's specification. Roughage is divided into three feeds a day. Because of the high feed value of the Lucerne, the horses generally require less concentrates. Owners may provide their own concentrates, which is fed mornings and evenings by the grooms.

Our livery rates are based on the amount of food your horse eats, calculated as follows:

6kg lucerne / teff per day	R3 015.00 per month
8kg lucerne / teff per day	R3 220.00 per month
10kg lucerne / teff per day	R3 425.00 per month
12kg lucerne / teff per day	R3 630.00 per month
